U. S. LARGE CENTS

This is our third sale in which we use EARLY AMERICAN CENTS by Dr. William H. Sheldon. This magnificent work lists and illustrates 327 known varieties of large cents from 1793 to 1814. In computing the valuations we use Dr. Sheldon's basal value multiplied by the condition census of the coin. Collectors have written us to continue using this system and we are very happy to comply. If you have not already purchased this book, we shall be glad to send it to you, postpaid for \$10.00.

<p>(A word on this Pope: Chosen by Emp. Maximilian to tutor his grandson, the Archduke Charles, who afterwards as Charles V elevated him to the Papal Throne, where he reigned 21 months, so much to the displeasure of the people that their joy at his death was expressed by writing on the door of his physician's residence "the saviour of his country." The Reformation was being given great attention at this time—the gravity of which this Pope did not appreciate. Incidentally, the denomination giulio was first used by his predecessor and named after him, Julius II).</p>

SOME RARE CANADIAN COINS

1326	1921 SILVER FIVE CENTS. It is safe to say that there are not more than 15 to 20 coins of this date known. This specimen is very good, and is a shade better than the one I sold last year at the A. N. A. Convention in Boston. That specimen sold for \$27.00, and with the increased interest in Canadian coins I believe a safe estimate for this one will be	50.00

ON TO EUROPE! By the time you receive this catalog I will have left (December 1st) for Frankfurt, Berlin, Hamburg, Paris, London and perhaps Denmark and Switzerland. I am indebted to you, **Dear Bidder**, for the chance to make this trip. You have shown me what you want in European coins by your bidding. My duty to you is clear—bring back the choicest, the rarest, the most unusual, and of course, the usual run of material, in the finest condition available. The bulk of this material will be included in my February Sale, which, coupled with the U. S. portion, will be one of the finest sales I have ever held. The U. S. portion consists of Indian Head Cents to Silver Dollars, the series **COMPLETE IN PROOFS**. As is customary, you will find circulated coins for the collector and dealer, for it is their bids that have become the backbone of my Auction Sales.

Please keep your letters coming, whether it be on the subject of the A. N. A., American Coin Dealers' Assn., my auction catalogs, or just the fact that you are building a new chicken coop. I enjoy all your letters and promise a reply very quickly. May you have a very

Vol. 2, No. 1
January, 1950

The Pendulum swings right! Dear Frank: I am herewith enclosing copy of proposed letter to be sent to various printers seeking bids for printing The Numismatist. Will you carefully read it and give me any suggestions relating thereto which I earnestly welcome.

I have a list of ten printers including J. W. Stowell to whom letters will be sent. I shall be pleased to include any additional names that you may suggest. Kindest Regards. Sincerely (Signed, Joe.) Joseph Moss.

Thank you, Judge Moss. This is a step in the right direction—and to repeat what I said in November “I have utmost confidence in our new officers to work for the membership at large.”

In summing up the hundreds of letters received, I should like to list the most important items requiring changes in the present set-up of the A. N. A.

1. Reducing the cost of the printing of The Numismatist. (See above).
2. Eliminate any undue influence between any particular dealer and any officer of the A. N. A. such as existed during the last two years.
3. “Decision of the Board” should be just that. Too many decisions were made last year wherein one member and possibly a second knew nothing about the incident.
4. Eliminate or cut to a minimum travel by officers to local coin clubs. Previous presidents, including V. Leon Belt and Martin Kortjohn paid out of their own pockets any travel incurred by them. One wonders whether the president would come to Connecticut if asked to attend a coin shindig. If he did, then every club who is a member of the A. N. A. could request the same privilege. By the same token—what then determined the importance of travel made during the last two years?
5. Publicly announce the method of awarding the Convention Auction. In his report to the convention in San Francisco, Mr. Gettys said, “I recommend, therefore, that hereafter the auction be awarded by the Association to one of our dealer members, and that no secret commitments to any person or group be recognized in the awarding of the auction.” Two years ago in Boston, I was told by the Boston Convention Committee, which included two A. N. A. members of the Board, that henceforth, beginning with the 1949 Convention, the Auction Sale would be awarded as a result of public bids. Needless to say a west coast dealer got the nod. We now learn that the 1950 Convention Auction was awarded to James Kelly and details were completed at Youngstown, Ohio, on November 5th. **Congratulations, Jim, I know you will do a good job.** But—coins and coin sales are my bread and butter—why wasn’t I asked to bid? Why wasn’t Dealer So and So, in New York asked to bid? Was any other dealer asked to bid? Members of the A. N. A. this is very important to you also—remember San Francisco—then write your officers asking for full information.
6. Every member of the A. N. A. should receive a Convention Auction Catalog and Program if they are one, or should receive both if they are separated. For the first time last year, the auctioneer mailed the catalog to his active list only. For the first time last year the A. N. A. distributed the Convention Program to those attending the Convention in person. (Of course, you could write for a copy) instead of over 10,000 programs and catalogs, the auctioneer printed and sent out a much smaller figure. (The active list of most coin dealers receiving auction catalogs runs from 3,000 to 5,000). Then too, the Convention Committee only distributed at most 500 to 1000 Convention Programs. I repeat what I said last month—If the A. N. A. considers the Auction Program a just part of A. N. A. business, then the G. I. collector should receive both the Convention Program and Auction Catalog.

Quoting Mr. Getty's again: "It is almost impossible to handle the A. N. A. Convention, with its expanded auction and program catalog, without great financial loss. Under present arrangements the numismatic firm underwriting the convention catalog must put out some 13,000 catalogs. This is far too great a load for any member to assume, especially when we realize that bona fide bids will be received from only about 12 per cent of the A. N. A. roster." I wonder what dealers Mr. Gettys contacted to have arrived at that opinion. I know I wasn't asked. I know four prominent dealers were not asked. **BECAUSE—** I for one would have no fear to print an auction catalog and journal for **EVERY MEMBER**. Why this solicitation for a dealer's balance sheet?

7. **CHANGE THE BALLOTING SYSTEM.** Have the ballots printed, mailed, and returned to an independent Accounting Company. These ballots to be given to the Ballot Committee at the Convention for tabulation.
8. **The concensus of opinion now seems to be, LET'S CLEAN OUR OWN HOUSE.** We cannot afford an outside investigation. Being under a Federal Charter the investigating body could possibly be the Federal Bureau of Investigation.

We shall print a few of the letters received for your consideration:

From Los Angeles, Calif.: A telephone call from a fine gentlemen and collector. As I am unable to repeat our conversation verbatim, I will give the substance of our talk. "Frank, please soft-pedal the 'Kapers' or you will wreck our organization. I agree in part with what you say, and certainly everything has not been well. But we do not want any investigation. You are going at it the wrong way . . . (more along the same line, FJK)." I have greatly admired this gentleman and consider him a friend. But—what other way was open? Neither The Numismatist nor the Scrapbook will accept controversial matter as an advertisement. To circularize the entire membership is a financial hardship for any individual member, as the postage bill alone would be over \$300.00. **HOW THEN** could anyone inform the entire membership?

From Los Angeles, Calif.: Just a few lines to let you know that I am in agreement with your suggestions and remarks in the Katen Koin Kapers. I have been wondering how long that sort of thing was going to go on before some one took action.

I have been rather disgusted with it for several years—the San Francisco convention was the climax. In protest I sent in my resignation to the A. N. A. several days ago, and also let them know why. I imagine that sort of condition is the reason of so many members dropping out last year.

If the day comes to pass when the organization is controlled by the membership's requests, I would then like to reinstate myself as a member.

Under the present system the organization is going under a false name. The proper name would be the "A. K. NUMISMATIC GALLERY AND COIN EXCHANGE."

Wishing you and the members quick results, Yours sincerely, (Signed). Ex. A. N. A. # . . .

P. S. You may publish this letter or use my name if you wish to.

From Pittsburgh, Pa.: I was very much interested in your remarks and in previous "Koin Kapers." I agree with you whole-heartedly that the American Numismatic Association is due for a thorough housecleaning. I have thought so for a number of years and believe unless the little clique that has been running things either reforms or is broken up, irreparable harm will be done to the science of numismatics. While I personally have no great objection to the increase in the price of membership from \$3 to \$5 per year, I certainly resented, as did many others, the method that was used to put this across. Neither did I approve of the change in the color of the cover of "The Numismatist" and always suspected that there was something "rotten in Denmark" when they took the printing away from Baltimore and sent it way out to Kansas after the old company had printed the magazine for so many years and it seems now from what is coming out, that either somebody has had a finger in the pie or there certainly was some personal reason for making the change. Sincerely, Signed . . .

From Toronto, Canada: As to your write up about the A. N. A. I think that it is outrageous to ask collectors to pay 50c a copy for a magazine that is mainly an advertising agent for dealers. Think I'll quit it. Signed . . .

From Madison, Ind.: I appreciate and want to thank you for the information recently conveyed to me in Vol. 1, No. 3, of your Koin Kapers, concerning some of the proceedings at this year's A. N. A. convention.

I have written to Mr. M. Vernon Sheldon and Dr. John H. Wild asking for further details. With best wishes, I remain, Yours truly, Signed . . .

From Charleston, W. Va.: Be nice to know the real **inside** story on "Kapers talk". This of course, wouldn't do to print, or the split you fear would take place. Can't figure it out as I always had a very high regard for . . . Don't know the rest very well. Signed . . .

From Oakland, Calif.: I want to take this opportunity to congratulate you on the forthright stand you have taken on the mismanagement of the ANA organization. Possibly this stand will induce some of the other members, who have expressed themselves to me in private, to come to your assistance.

I attended the convention in San Francisco and made an attempt to personally contact the various members of the Board and the officers present. I asked a number of questions pertinent to the operational procedure of the association and without exception was informed that it was none of my business. If this was an example of the manner in which the ANA conducts their conventions, then I will never attend another one. A number of intelligent proposals were made to the committee on resolutions and presented on the convention floor. No action was taken on any resolutions restricting the arbitrary power of the Board nor the officers. Several unique answers were given to questions asked by members present. I was present when a dealer "laid down the law" to a member of the Board in language I would not use under any circumstances and over an incident so trivial that it did not even merit notice.

As a member who bounces five bucks every year, I feel that I am entitled to know what goes on and why, and if any officer or potential officer has anything constructive to offer the membership, now is the time to do so. Let's bring these things out in the open and discuss them intelligently and dispose of them in the same fashion. The officers of this association should be made to realize that a politician is going for one year at a time, while we, as collectors, are going on and on/ and unless these "under the counter" deals are stopped, **they** will be. Yours truly, Signed . . .

From Wichita, Kansas: A City official of Wichita who plans to be in New Haven Nov. 6 to 8 is to phone you a message from me. You'll understand why it was not written. If you'll pass along the information to mutual friends back east I'll appreciate it, although several already understand my views. Warm regards, Signed . . .

This city official did visit New Haven and his message (not verbatim, but in substance was): Keep up your work—it will bring results. I have been waiting for the past few years for just some break to occur out in the open. You have the support of thousands of collectors, many reticent in coming out in the open. Good luck. (Thanks, dear friend, we shall carry on. FJK).

From Eldorado, Kansas: Although your catalog was received too late for me to send in a bid, it served the purpose of having me write this letter thanking you for taking a stand for the members' rights in the A. N. A. Like yourself I do not know what is wrong, but something sure is. As to the convention catalogue, I never saw a member of the common herd that received one. I am talking of a meeting we just had in Wichita, Kansas of the Oklahoma and Kansas Association, and I just acted as a committee of one to ask around and the above is the answer. Yours very truly, Signed . . .

From Buffalo, N. Y.: Thanks for blasting away at the A. N. A. powers that be. I and others with whom I corresponded have been pretty much disgusted with certain goings on in the A. N. A. for years; and I promised myself that if the occasion presents itself, I shall publish a competing journal and I also believe that I could bring about the creation of an organization that could rip the A. N. A. in half.

Sometime ago I mentioned to you that I had certain projects in mind. That is what it was.

So you see you have many backers and well wishers! With kindest regards. Signed . . .

From Jersey City, N. J.: A letter received from one of the grand old-young men of numismatics. So many names are mentioned, figures in dollars are discussed and forthright 'calling a spade a spade' that it is impossible to publish unless I have the gentleman's permission to do so. Needless to say every collector knows this man and his word, written or otherwise, is above reproach. There was no time to contact him for this issue.

From White Plains, N. Y.: Have read with interest your comments in the back of catalog #16, and even before I received #17 had been planning to send page Nos. 47-8 along with my dues for 1950 to the ANA. It seems to me that if everyone who had a copy, sent it along, it might show that the membership had noticed the funny business in the accounts of the ANA. I pass this idea along for what it is worth. Was pleased to see all the favorable comments in #17. You certainly hit the nail on the head and I agree with everything you said. Have been a subscriber to The Numismatist since 1935, and have always read over the reports of all the conventions. It seems a shame that all the money that has been built up during the past years has to go the way it seems to be now. Yours truly, Signed . . .

From Boston, Mass.: I wish to use this opportunity to say that I agree 100% with your comments on the back pages of your catalog, re. the way the A. N. A. convention was handled. The whole affair was **cheap** as members have reported. The Public be Damned seemed to be the attitude of the San Francisco people. (Not the people, friend, but the 'bosses'. FJK). Sincerely, Signed . . .

From Illinois: . . . I am still more than willing to pay some cash toward the printing and advertising bill (polling of members). Best Wishes, Signed . . .

From Akron, Ohio: Have resigned from the A. N. A. over the dues question—will this cancel my Credit Card? Signed . . . (Of course not, the issuance of a credit card by the A. C. D. A. is predicated on credit standing alone, and not membership in any organization. FJK).

From Oregon: Loss of members is due to large raise. Times are getting poor and people resent higher prices when they are getting less. Signed . . .

From New York, N. Y.: Let every member on paying their 1950 dues, do so on condition that they receive the 1950 Convention Auction Catalog and Program. Now is the time to act, BEFORE YOU PAY your 1950 dues. Regards, Signed . . .

THERE ARE MORE AND MORE AND MORE OF THE SAME. We must call a halt for this issue so that the catalog can get under way. I know I am on the right track. Please realize, dear collector, that to have published the first revelations two months ago meant making a great decision. If I was wrong or had a personal axe to grind, it would have meant the end of my coin business, by the loss of confidence and business. However, my bids and business has almost doubled in the last two months. I have made many new friends, and believe me, it has made me feel warm inside.

WHAT ARE WE NOW GOING TO DO? It would seem to me that the best suggestion is the one made last month to poll the members with a questionnaire. This will cost about \$400.00, over \$300.00 going for postage alone. I would like to see a Committee of Eighty formed, each contributing \$5.00 towards the cost of this poll. I will supply the addressing, labor and cash contribution towards this end.

Are you interested enough in your association to find out, if possible, what others think? If so, send your letter to me with a check made out to ANA Committee of Eighty. I am leaving for Germany tomorrow (Dec. 1st) and will be gone about two weeks. I could be given no greater Yule present than to find upon my return not eighty, but one hundred, yea even two hundred 'crys' of "Let's fix things ourselves." A public accounting of all money received and spent will be made, and we hope to have 'Papa' Blake, the past treasurer of the ANA for almost thirty years, as our honorary watch dog.

A MERRY CHRISTMAS TO YOU AND YOURS. And now Frances, Idlewild Airport, please.
